600 GentleCare Heat pump 8 kg Tumble Dryer

EDHI618WD

Gently dries at half the temperature while caring for clothes
The 600 GentleCare Heat Pump Dryer evenly dries at half the temperature, without extending the cycle length, so fabrics aren't exposed to unnecessary heat. This preserves garments, helping them look and feel like new for longer.

Product Benefits & Features

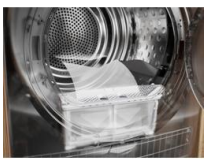

No sorting needed. Mixed loads each time evenly dried with MixCare
MixCare provides powerful yet gentle drying for mixed loads of cottons and synthetics, ensuring clothes are evenly dried with no sorting needed.

SensiCare – optimal drying to preserve your clothes
SensiCare measures the temperature and humidity of each load, adjusting the time and energy consumption accordingly, so garments are protected from overheating and overdrying. Clothes look and feel new for longer.

Even drying results for XL capacity loads with family sized Bedlinen XL
The family Bedlinen XL programme provides even drying results for XL loads, including bedlinen sets, without needing to re-start your dryer.

EasyClean Filter – for an energy-efficient machine
The EasyClean Filter is easy to clean and keeps your machine running at its best, helping to keep energy efficiency.

Anticrease helps reducing wrinkles
Anticrease allows the drum to rotate in both directions periodically, helping reduce wrinkles in clothes during the cooling down phase.

- Heat pump: Working like a refrigerator in reverse, it delivers outstanding energy efficiency—providing all the benefits of tumble drying at a much lower cost.
- Delay start option.
