700 DualCare Water condense 7 kg Washer Dryer

EWD746PCBI

Steam saves over 40L of water*
The 3-in-1 Electrolux PerfectCare 700 built-in Washer Dryer simplifies laundry day with wash, dry, and steam programmes. Steam uses 96% less water*, and is gentler than washing, helping clothes look their best longer.

* Internal test with a 1 kg load on the steam programme vs the delicates programme.

Product Benefits & Features

Refresh clothes and neutralise odours* with the Steam programme
Enjoy that just-washed feeling with a fraction of the water. By refreshing your clothes with steam, you can neutralise odours* and reduce wrinkles in 25 minutes. For even more freshness, add our steam fragrance to the Steam Programme.

THE DUALCARE SYSTEM: CUSTOM CARE EVEN FOR WOOL AND DELICATES
The DualCare System adjusts washing and drying to different fabrics and adjusts drum motion in the drying cycle. The wool wash and dry cycles have been approved by the Woolmark Company for washing and drying even hand-wash only woollens.

* External test show neutralisation of cigarette smoke odour in a Steam cycle.

THE SENSICARE SYSTEM ADAPTS CYCLE TIME, SAVING ENERGY AND WATER
Whether your laundry load is big or small, the SensiCare System automatically matches washing and drying times to load size, saving energy and water. For more efficient clothing care and more sustainable use of resources.

MIXCARE 69' CYCLE EFFECTIVELY CLEANS CLOTHES WITHOUT PRE-SORTING
MixCare adjusts energy use and drying time based on load weight when cleaning daily mixed loads. Washes clothes at 30°C in just 69 minutes. Go with MixLoad for optimal performance, and effectively cleaned clothes.

Enjoy a peaceful home with our quiet washer dryer.
Our low-noise built-in washer dryer is designed to perform quietly behind a cabinet door. This means that you can run a cycle while maintaining a calm and restful environment for all of your other activities.

- Washing capacity guide: Suitable for a single person.
- Condenser dryer: Moisture from the drying cycle is condensed and simply drains away.
- Auto drying: Set one of the 3 automatic drying levels for quick and easy drying. Either iron, cupboard or extra dry.
- Quick wash: A quick wash that allows you to wash 3kgs at 30°C in just 20 minutes.
- Aqua control: An internal system which monitors the water level to detect leakage.
- ProSense®: Measures the size of the load and automatically adjusts washing time, energy and water consumption.
- Wash&Dry 60: Wash in 20 mins or wash & dry a 1kg mixed load in just one hour.
